Where have we come from? Where are we going to? Where are we now? These are the questions that man has asked himself from time immemorial, and will continue to ask himself indefinitely. Man often wonders about himself, about his childhood. . . .

When he was young, and full of dreams. When his world consisted of his daddy and mommy and nanny and favorite toy. When the four corners of the earth were bounded by his playpen. When the ceiling was the sky and a picture book reality. When Humpty Dumpty really fell off the wall and when Kaptain Kangaroo was his best friend.

And suddenly, the world of dreams had ended. . . .

SCHOOL

The Administration has ably carried out its position in student-faculty relations by instilling a feeling of mutual respect among students and teachers alike. Under the leadership of Rabbi Abraham N. Zuroff, recently appointed supervisor of all four Yeshiva University High Schools, YUHSB has reached new heights in scholastic achievement. With the aid of Mr. Samuel Levine, Executive Director of YUHS, the drive to erect the new Yeshiva High School complex went into first gear with the moving of Brooklyn Central to Avenue M and East 14th Street. The boys will follow in the near future.

Under the guidance and instruction of our Talmudic Faculty, each student leaves YUHSB with a basic knowledge of his Jewish heritage and an appetite whetted for continued studies in Talmud as well as Jewish law and lore. Each Rebbe offers his own distinct approach to the study of our multifaceted Torah. Their dedication and sincerity have acted as a guiding light to the life-long path of a Torah-true Jew. It is only through such unwavering dedication that the trend toward Jewish secularization and assimilation has been reversed.

RABBI SHEBSHAIEVITZ

"May his soul be bound in the bonds of the living."

The Class of 1966 mourns the loss of a great *Talmid Cochum* and *rebbe*. His untimely *p'tira* indeed left its mark. The gap left by Rabbi Shebshaievitz can never be filled, as a man of distinct quality, *ahavas Torah*, *yiras shomayim* and great teaching ability can never really be replaced. The last class he taught was in 1963-64 and he was then forced to leave after Pesach because of illness. The class deemed that one of Rabbi Shebshaievitz's stature should grace our Elchanite as an inspiration and as an example of what a true Torah Jew should and can be. A student of the renowned Mirrer Yeshiva, he came to America by way of China and Japan after the Nazi holocaust, and upon arriving, immediately set out on the road of *chinuch*, which is the basis of all Judaism. In his eighteen years as a revered *rebbe* in YUHBSB, Rabbi Shebshaievitz instilled his ideals in every student he taught. In his own quiet and gentle way, he succeeded in imparting Torah to his pupils just as he, himself had received it from the *gedolei Torah* who were his *rebbeim*.

GENERAL STUDIES

Social Studies

*Mr. Isidore Rosenman
Chairman*

*Mr. Lowell Sanders
American History, Economics*

*Mr. Sidney Zuckoff
World History*

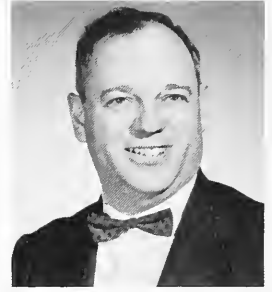

*Mr. Murray Kunkes
Geography*

The world today is both complex and enigmatic. In a seven term sequence of Geography, World History, American History, and Economics, it is the task of the Social Studies Department to trace these complexities and perplexities back to their sources in history, hundreds, even thousands of years ago, and relate past with present, there with here, then with now. The fruits of their efforts are evident not only in our Regents marks, but also, and far more important, in our understanding of the world around us.

English

Mr. Alvin Baron

Stressing the ever-present need for communication between men, the English mentors of YUHSB strove to convey to us the knowledge of both the spoken and written word. In addition to the traditional vocabulary and usage, the beauty of literature, both American and English, was brought to us in this four year course and was always enhanced by extensive discussion and evaluation of what was read. Unique and interesting teaching methods, such as movies and student dramatization, have instilled in us a love of our language that should last a lifetime.

Mathematics

Mr. Morris Septimus

In this Age of Computers the need for mathematics becomes more and more evident. In addition to the required three year sequence of Elementary Algebra, Geometry, and Eleventh Year Mathematics, we are also permitted to elect Advanced Algebra and Calculus in our Senior year. Always stressing the underlying principles behind the formulas we learned, our highly competent Mathematics Department did much to give us a deep understanding of what we learned as well as a broad knowledge of it.

Biology

Although only General Science and Biology are required, the vast majority of the students avail themselves of the highly popular and enlightening elective Chemistry and Physics courses. Under the tutelage of our expert Science staff in both the classroom and laboratory, we have acquired a broad vista of knowledge in many things ranging from the infinitesimal molecule, to the infinite universe, to the most complex of all things, man himself.

As nations become increasingly dependent upon one another, a facility in foreign languages becomes absolutely essential. We are fortunate, indeed, to have the expert tutelage of Monsieur Marshal. We can say without hesitation that we have one of the most competent French departments in the United States. The required four year course of Hebrew studies not only increases our proficiency in our historical tongue, but also opens up the world of Hebraic culture to us.

Mr. Leon Leibowitz

The position of the Minors Department is unique among the Faculty, for these courses, above all others, go beyond mere knowledge of the subject. The finer points of life taught to us in the Art and Music classes, the need for physical fitness brought across in the Physical Education course, and the mature attitude a driver must have, as taught to us in Driver's Education, are things that all of us will appreciate in later life.

Mrs. Sarah Shapiro

Mrs. Yetta Rosenman, who believed in tempering justice with mercy when distributing admits, performed the Herculean task of keeping all our college records in order. Assisting her and managing the book room and mimeograph machine, was Nisson Berlin, a YUHSB alumnus who made good. Mrs. Sarah Shapiro, mistress of the switchboard, kept the financial records of our school in order while serving as secretary in the Office of the Bursar.

Guidance

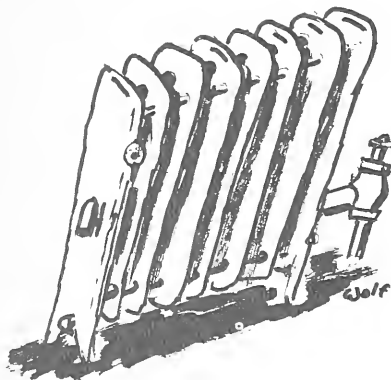

The Guidance Department, under the auspices of Rabbi Kanatopsky and Mr. Strum, played an important role in the life of each student of YUHSB. Not only did it assist us with any personal or academic problems we may have had, but also, it helped us in our choice of college and in this way steered us toward the right course in later life.

Maintenance

Thanks to the fine work of our maintenance staff, under the leadership of Mr. Manuel Normandia, we all have been able to carry on our studies in an atmosphere of cleanliness and safety. We owe a true vote of thanks to these noble guardians of our health.

“David”
—*Michelangelo*

He was a young man and his horizons had broadened. There was school and there were grades. There was competition and jealousy and friends and love. There were reading and writing and speaking and the forming of opinions. There were girls and a social life and fun and dances. There were camps and summer jobs, and drafts and colleges—more study, more work, more grades and more discussion. Finally there was a degree, and a girl, and a career and the beginning of a new life. . . .

JOEL ARBISSER

Lab Squad 7-8; Y.O.C. 7-8; Service Squad 5-6; Dialect Typing 5-6; Review Typing 5-7.

Joel dropped in his sophomore year and liked it so much that he decided to stay as a junior. As a senior Joel is famous for "rounding off to the nearest thirteenth". One year of R. Shusheim and a half of Frankel—topped off by a stretch in Club 20+ demonstrated his skill in Talmudical studies. A lab assistant in his senior year, Joel will continue wearing his white coat at Yeshiva where he will major in Medicine.

ISAAC BLECH

G.O. Vice President 8; Class President 7; Math Team 7-8; Chess and Checker Team 7-8; Coordinator of Intramural Math 7.

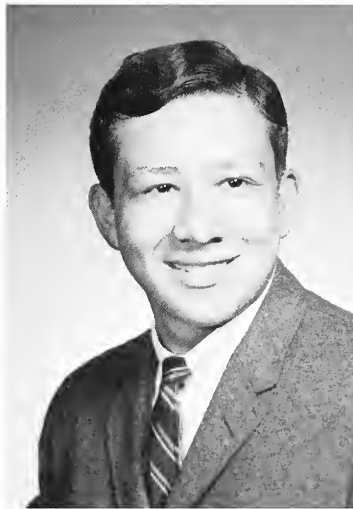

Barney, who headed our first successful math intramurals, is a devout refugee from Brooklyn Tech. Despite his last name, his lively disposition and quick wit made him a favorite amongst his mentors and peers alike. He will take his phenomenal math aptitude to Brooklyn, where he'll major in History.

As his name implies, Leo was the possessor of outstanding forensic ability, which he put to the test arguing with the big man in the little office. As a Co-Editor of the Elchanite and Captain of the Softball Team, Leo displayed an abundance of brain and brawn. A proselyte of Rabbi Y., he will study Physics in the Hallowed Halls of Belkin next Fall.

Chemical Engineering is the ambition of one of YUHSB's most promising students. Quick and agile, he was an asset to his class intramurally. His keen mind, which earned him berths on Arista, Intramural High School Bowl Teams, and a seat in the highest shiur, should surely help him at Brooklyn, next Fall.

Fink, a true Y.U. boy who spent his summer at Camp Morasha, was one of the most popular kids in Rabbi Y.'s class, where he sojourned during his senior year. An ardent Yugar and Yankee fan, Fink spent many a free class discussing the merits of Messers. Ford, Mantle, Maris, Benzon and Lew. His good natured personality will be welcome at Y.U. where he will study Math.

MICHAEL FRIEDMAN

Chagiga Decorations Head 7-8; Band 1-8; Library 1-3; Service Squad 1-3; Intramural Basketball 4-8; J.V. Swimming 1-2.

Mike enjoyed the reputation of being the best of Mr. Korn's Driver's Ed. students. A fine artist and accordion player, he figured heavily in the planning of the Chagigot, as he masterminded the background and decorations and starred in the school band. A happy-go-lucky guy, Mike will spread some of his good cheer at Brooklyn where he will major in Biology.

"A Buick, a Buick, My Kingdom for a Buick."

One of Irv's starting five, Mike leaped his way into the hearts of Yugar fans. French, despite his nickname, never quite found his way into the heart of the stout Parisian and chose Physics instead. His quick smile and good nature will prove assets to him in his endeavors at Y.U.

"Ya miss eight, ya make five, you're up two." Irv

Most people know Fish as the ardent B'nai Akivanik who also pulled some of the best scores on the Boards and the Merit exam. Yet, Mel also managed to edit the Corollary and head the Minyan. A true student of Torah, he will continue his quest for both Talmudic and secular knowledge at Y.U. next term.

One of the Bard Spinella's most devout disciples, Allan found time between shots to head the Points and Elections Commissions. One of the original members of the "A" Group in Mr. Morse's gym class, he rose to greater heights starring in basketball intramurals throughout his stay. He should rise to even greater heights next Fall in Y.U. where he will major in Chemistry.

Jay, whose mastery of subtle humor made for his widespread popularity, mastered numerous other trades. He led the school's entertainment world as head of both Chagiga and band. Jay's leadership ability played a role in his positions of I.Y. representative, manager of the Aquamen for 4 years, and Elchy Activities Editor.

A quick man with numbers, Siggy put his talents to use both as business manager of the Elchanite and as Co-Captain of the Math Team. Between keeping order at the minyan and arguing with Mr. L. he found time to be Editor-in-Chief of the Dialect. Sig hopes to be the nemesis of the physics mentors uptown at Columbia next season.

MARTIN HECHT

Elchanite Photography Squad 7-8; J.V. Debating 4; Intramural Debating 8; Service Squad 1-2; Library Squad 1; Tennis Team 7-8.

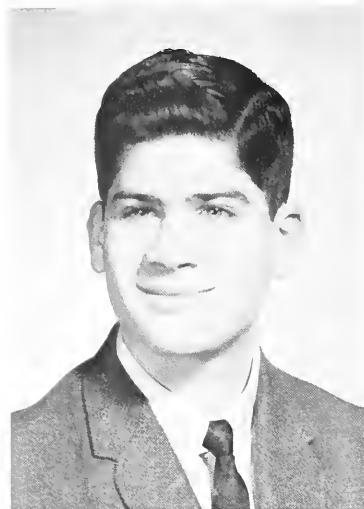

As our only import from Sharei Zedek, Marty brought the grace of Coney Island to Church Ave. A member of the "Rabbi K. fan club", Marty found his way into the heart of the energetic mentor. Marty could always be counted on for homework relief and survived the many barrages during R. Drillman's shiur. He will attend that large outlet for Barron's and Barchas, Brooklyn College, next Fall.

SOLOMON HOCHBERG

Glee Club 1-8; Chess and Checkers Team 1-2; English Library 1-2; Chagiga 1-8; Intramurals 3-8; Elchanite Raffle Winner 8.

Hoch, who majored in backyard basketball, was the world's greatest proponent of the off-the-backboard bank shot. Possessing a wondrously melodious voice as well as an outstanding talent for leadership, Sol teamed up with Waldo and helped him to lead the Glee Club to smashing success at the chagigot. He should prove a boon to Y.U. where he will major in Dentistry.

NORMAN HOROWITZ

Chess and Checkers Team 5-8; Captain 7-8; Library Squad 1-2; Band 3-4; Service Squad 1-2; Math Team Manager 6.

Normie, who teamed up with Wid and Mikes to form The Terrible Trio That Tormented Timid Teachers, was also the captain of the championship chess team, that garnered first place in the I. Y. A charter member of R. Fink's class, Normie should have a wild time at Brooklyn where his profs will be the unwitting butts of his witty remarks.

One of our finest all-around athletes, Socko was a perennial participant in football, basketball, and softball intramurals, in addition to being a member of the varsity softball team. His talented hands also found work earning his position as Elchanite Typing Editor. An outstanding math student, Jordan will major in Accounting at N.Y.U. next Fall.

"Well done, soon done."

A graduate of Ezra Academy, Mark became an integral part of YUHSB's literary publications by serving as Typing Editor of the Dialect and Review and working on the staff of the Topics and Bulletin. A fastidious worker in both school and extra curricular projects, Mark will go on to Brooklyn to major in Pre-Med.

"A quick legible hand is no mean accomplishment."

ABRAHAM KEMPLER

Focus Editor-in-Chief 8; Class President 8; Elchanite Staff 7-8; High School Bowl Team 5-8; Debating Team 3-8; Trivia Bowl 8; Library Squad 3-4.

Abe, unlike his namesake, was one of our school's true intellectuals. Well-versed in all phases of literature from classical Greek to the contemporary "Mad." One of the disciples of Rabbi Y. Abe should find his proficiency in Literature and keen insight into Politics most helpful at the Halls of Iuy at the Junction next Fall.

"Since men learned to print, no night is wholly black."

Hymie, a refugee from Chaim Berlin, took his intramurals seriously. By being on every class team formed, Hymie was able to achieve a fine intrascholastic standing. A member of Rabbi K's Koffee Klatch, Hymie's quiet manner hid an inquisitive and often philosophical mind. He will major in Psychology at Brooklyn next Fall.

One of those rare personages who could fully understand both Looie and Gelman, Kersh was the only kid in Club 204 who had absolutely no knowledge whatsoever of the Yiddish language. Kersh put his linguistic ability to good use by editing $\frac{3}{4}$ of the Elchanite during chazara. A genuine "good-guy" and scholar as well, he should meet with great success at Brooklyn Poly. where he'll study his first love, Engineering.

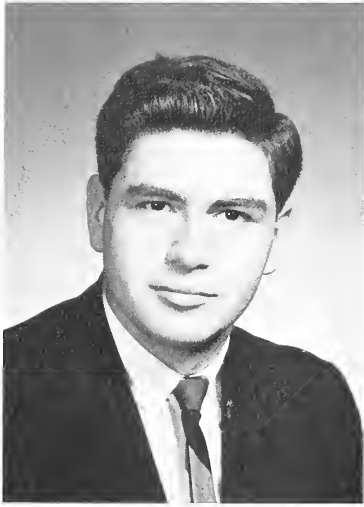

JOSEPH KRAUSE

Well-known for his all-around athletic prowess, Joe earned positions on Varsity softball, football, and tennis teams, in addition to being active intramurally. Always willing to do his part, he helped out with the Library, Glee Club and the Concession, giving much needed assistance to all three. His educated arm and mind which initiated many football plays in the front yard should do him proud at Brooklyn next Fall.

NEIL LEIST

Topics Managing Editor 7-8; Topics Photography Editor 5-6; Math Team 6-8; Movie Commission Head 7-8; Elchanite Photography Editor 7-8; Intramural Debating 1-7; Glee Club 3-4.

Neil, the Bernard Baruch of B.T.A. out-Morganed Morgan by cornering the stock market when he was born. An avid shutterbug, Neil put his talents to good use by serving as photography editor of the Elchanite and the Topics. He will attend the hallowed halls of Dr. Belkin next fall where he will pass on his valuable stock tips to the Rebs at Riets.

One of our Rockaway commuters, Levy became a fervent backyard playmaker as he controlled the boards during his free time. His athletic flair was accentuated by his appearances on basketball and softball intramural teams. A learner from 103, Irwin will continue his studies at Yeshiva where he will major in Math.

A strong man under the boards at Wingate, Jonas was also the possessor of a nimble mind, making him a "big man" in Club 204 and Vice President of Arista. Active in many facets of school life, Jonas was revered by all for his mature outlook on life. He will go on to Y.U. next Fall where he will major in Science.

SAMUEL LIFSCHITZ

Focus Editor-In-Chief 7-8; Class President 8; Poet Laureate 8; Review Writer 7-8; Corollary Writer 7-8; Elchanite Writer 7-8.

Samuel, the articulate editor of the Focus, reached his peak of power in the eighth term when he was elected class President. Though Baron demanded Lippy's impeachment, our man showed that he was made of strong stuff, and resisted his English teacher while at the same time conducting G.O. meetings in a new and lively manner. A lover of poetry, Lippy will attend Brooklyn where he will major in the Humanities.

Jim, who singlehandedly led the civil rights movement at YUHSB, was always accusing Yetta of using racial discrimination when handing out admits. Possessing a golden voice, Jimmy was a co-leader of the best Glee Club ever. A backyard basketball regular, George will pass up a career in the NBA to major in Bio. at Yeshiva.

Lenny was one of the Yugas' most ardent rooters, coming to virtually every game, both home and away. A ping-pong player par-excellence, and a Spinella regular, Lenny still found time to excell in Math despite Looie. Lenny definitely will NOT cut college and will major in the Humanities at Brooklyn.

Matty, who was one of the only two-time electoral winners that the class of '66 produced, teamed up with Heshy, Moishe, Bernie, and Jay to form one of the wildest quintets in the school. Y.U. is lucky to get this fine athlete and scholar, whose personality and sense of humor made every G.O. meeting a lively spectacle.

Michael, whose prowess as a stickball pitcher was overshadowed by his great capacity for learning, was the only student to give a "guest shiur" in Rabbi Yogel's class. Ably tutoring his classmates, as well as providing others with an inspirational example in religious conduct, Moshe should meet with great success in his pursuit of Torah learning at Mesivta Netzach Yisroel.

Royal Order of the Orkydirkle is formed. Wilon overhears and is given token position — Court Jester! He was later elevated by holy ghost.

Something walks into our Math Class looking and smelling like a herring wearing pajamas.

George: Life is like a glass of tea.

Student: Why is that?

George: How should I know? I'm not a philosopher.

Tragedy strikes — Doc accidentally catches his tie in his shoe laces, sits down, and breaks his nose with his feet.

Dunetz replaces George (in class, but not in our hearts.)

Morse: O.K. you half-wits. Line up in alphabetical order according to height.

Some of us hand in homeworks to George folded in half.

George: It's not fair! Why should I unfold your papers?

Rabinowitz fakes out seismograph experiment for four days.

Benzon fakes report on dinosaurs. Tells Dunetz he has to go home to bring in his tyranosaurus rex.

Dunetz: You don't expect me to believe that you have a tyranosaurus rex at home, do you?

Dick: You're right. Actually it's a brontosaurus.

Dunetz: Well, that's different. Bring it in tomorrow.

George brings in jar of mercury for the class to inspect. We

file around and around. Then we file around some more until everyone has seen the mercury at least five times. The bell rings, but George promises is that he'll bring the mercury in again the next day so that everyone can get a chance.

Monheit: Newton's discovery was great because until then apples fell up.

Gold: No Shapiro, you can't do a book report on the *Carpetbaggers*.

Kunkes: The grass is as tall as an elephant's . . . no . . . the grass is as high as an elephant's eye. That's better.

George brings in a can with unknown contents.

George: Honest fellows . . . it's dehydrated water! Look, here are the directions: Pour contents into one gallon of water, stir, chill, and serve!

Ollie: Levine, leave the room and close the window behind you.

George: Jupiter has a revolution every twelve years. Mexico has one every six months.

"YU Freshies are Great" is second only to the Topics and the Bulletin, but fails to win C.S.P.A. award.

We meet "Handsome Bob." "Da first ting we gonna learn in dis course is gramma."

"Mr. Gelman, can you do this problem?"

Mr. G — "I'm sure I can. Next question."

George Davidson waits two weeks to start Gen. Sci. course until someone remembers to bring a can. Course delayed another two months until everyone brings in crushed can experiment. Fiendish machination to smuggle "Excellent" stamps foiled as George threatens to buy one with only one "L."

Question on George's test; "The villi are like: a) Grand Central Station when both doors are open; b) a can about to be crushed; c) a Chock full o' Nuts restaurant; d) all of these. Ans. — (d)

Student: "Why are we spending so much time on nitrates?"

George: "'Cause they're cheaper than day rates."

Bob: "When Mr. Strum comes in, if ya know somtin', raise your left hand, and if ya don't, raise your right hand."

Bob astounds everyone when he comes to school wearing a tie less than 5" wide and by writing the word SHAM on the board all in the same period. We think the word he wrote was rather appropriate, don't you?

Morse proctors Gen. Sci. final. Final renamed "forum."

"Mr. Dunetz, when is the next surprise quiz?"

"Duh . . . I'll let you know tomorrow for sure."

Willie C. wears pajamas to school and is asked by the Shmid to model them for the Big Rabbi.

A.N.Z. Mr. Cybuch, take your hat, and your coat, and your books and your pajamas. . . .

Zev Wilon and David Levine lead Chutzpah League with Zelenetz close behind.

Morse volunteers to clear the ice in the back yard.

Moe: How you say, to cow a milk?

Leibowitz walks into room on first day of term wearing his 1910 double-breasted suit, gray tie with twenty inch bottom red and blue flannel hunting shirt topped by his official Mouseketeer hat.

We finally get to dissect some frogs. . . . Soto eats like a king for a month.

Archie's philosophy: Would you rather have rats run all over you or have a pendulum split your belly-button? Hoch gives Bo a note explaining why he couldn't do his homework. Bo hands it back the next day with the following across the top: Sloppy, do over.

Willie hands in Bohensky homework with a play-by-play account of the Knick game and prediction of the Clay-Liston fight.

"The Birds" comes to the movies as some of them zero in on Wulkan and spray him with Ah . . . Ech!

Michaels brings chocolate-chip covered mustard sandwich.

Wolfson: Rabinowitz, Gypsy Rose Lee's got nothing on you!

Physical feat of the season. Leist does $\frac{1}{4}$ of a push-up.

Morse: Now let's see you do the same thing going up. Fred, the sadist, teaches us Bio. Term to include such atrocities as killing and dissecting a frog painlessly. You don't feel a thing — it's the frog who's in agony. What did Gregor Mendel experiment with?

Horseradish recipes!

Arluck: You're to read any book on the French Revolution by any lefthanded plumber named Finklestein.

An Israeli tailor fixes a British suit for an Egyptian born Frenchman to look American.

Biohensky: Neanderthal man wasn't much different from us. Just take a short one, give him a haircut and a shave, stick moustache on him, give him a hat, coat, and attaché case, and he'll look just like. . . .

Student: You!

We get Senor Cantor for Franish. Or is it Spenph?

Cantor: Where's my pen? Waldoks! You took my Pen!

Waldoks: No I didn't Mr. Cantor!

Cantor: Don't tell me! I'm giving you a zero. Whereupon he picked up his pen and gave Waldoks a zero.

"Rabbi Z, How was Tom Jones?"

ASMW first comes into being as it is inscribed on Happy's tombstone.

Willy: A little rachmonos goes a long way.

Some book reviews:

Experiment in Terror — Central Girls.

Guiding Light — Rabbi Dardac.

Looney Tunes — sung by Mrs. Shapiro and Leon Leibowitz.

Pajama Game — starring Willie Cybuch.

Dear Yisroel — Your son has a scholarship note.

Septy, Spin, Horowitz, Kirsh, Ruby flash by in rapid succession.

Moe: There are 2 things you must know to do good at the finals. Idiom, vocabulary and grammar.

Bruce: Mr. Arluck, I think a better title for Silas Marner would have been: "The Social, Political, and Economic aspects of a Pre-Victorian Squire!"

Moe: Ah have never been absent. . . .

NEWS FLASH: Mr. Josef Brand, Court Jester of the Montague household in Verona, was arraigned in court yesterday on charges of baby-slaughter. It is unknown why the defendant, usually serene, viciously attacked a two-month-old baby, sucking its thumb, while raving and ranting in a Cockney accent, "Do you bite your thumb at me sir?!!"

Dootch wants to get rid of Davies: "Davies, maybe you have to take a picture?"

Louie: Here's your homework. One or two problems . . . do one . . . two . . . three . . . try four . . . five's a nice . . . skip to fourteen . . . but I want you to come back to ten . . . then you might want to look at twelve . . . ah . . . sixteen I challenge you on . . . seventeen . . . well . . . you can't do that . . . eighteen, I can't do that . . .

Zuckoff: O.K. Boys, tomorrow we start WWI.

During the course of the long, hard day, many of our teachers tend to become forgetful. One prime example is Mr. Marshal, who very innocently began teaching our World History class French. Mr. Zuckoff walked in and . . .

Zuckoff: Hey . . . what's goin' on here????

Marshal: (turning various shades of red, green and purple) Oh . . . er . . . ah . . . As was just telling them to be quiet . . .

- Weiss arrives . . . shades of Dunetz!!!
- Student: Mr. Weiss, when are we getting a Chemistry teacher?

Nat Berlat, our lab assistant assisted us on many of our tests. Too bad he assisted us with the wrong answers! Shweppes you Ipsquick!!

Biggest fiasco of all time occurs when Zelenetz, and Davies, "steal" French Final. "Wal, Ah Know they have stolen mah final from the car."

Joe T: Cool it boys. Cool it.

Jonas: Now don't get excited or you'll give it away.

Joe: We better be careful or those three will get in trouble.

Fish: Oh . . . I don't believe it.

Moe: As I have told the other class, my final is stolen.

Fish: I believe it! I believe it!

Zelo, Dave & Willie: "Everybody in the bathroom after school and we'll give you copies. But be careful. Don't open it till you get home!"

Zakheim: Yow! They even have an Answer Key!!

Joe: Hey, it's a fake! It's a Fake!!!!

Jonas: Yeah Where are those three bums!!!!

Joe: I knew it all the time . . .

Goldman flips his pen for four hours and gets on Dootch's nerves:

Dootch: Goldman, vot are you . . . ah jungler??

Zuckoff didn't cotton to our immature actions. One day:

Zuckoff: Remind me to bring in some lollipops on Sunday morning."

Zuck: Who did your hair today, Friedman? Roto-rooter?

Zuckoff: Here's your homework for tomorrow. Do questions, one, two and three . . . four . . . five, six, seven, eight . . . uh nine, ten . . . and eleven. Also twelve.

Student: Mr. Zuckoff, couldn't you just say one through twelve?"

Zuckoff: O.K. Skip number seven.

Dootch: Two rungs doesn't make vum goot.

Brand: My speed reading course is not compulsory. Now, the homework for tonight: Read, Gone With The Wind, The Rise and Fall of the Third Reich, and any three volumes of the Encyclopedia Britanica . . .

Zuckoff: Samet, would you please encourage that pigeon to go away from the window!

NIGHT OF BLACKOUT:

Yat: Hey what's the matter with the lights in this room? They're getting dimmer.

Class: What are you talking about?

Yat: Help! My eyes are falling me!!!!

Jay: It always gets dark this time of night!

Baron: Everybody sit tight and don't move. This can turn into a dangerous situation. Wait . . . I have a candle in my desk . . . Hey! Where'd everybody go . . .!!!!

All in all, the administration was very helpful. It is pitch black and a tall ominous figure enters the room . . .

ANZ: Mr. Rosenman. Excuse me. The lights don't work.

ANZ: Mr. Zelenetz, Mr. Davies, what are you doing; running around; the halls. Fifth period has begun; you should be in class.

Zelo and Dave: We're looking for Mr. Arluck.

ANZ: Mr. Arluck stays from 1st period to third period. Period!

Baron: Mezrich . . . is that my homework you're doing in class?

Bernie: No. It's mine!

Louie: The next time I need your help, remind me not to ask for it!

LKS: Rabbi Dardac, How long do you have to wait after drinking Beer before you can eat beer pretzels?

Yoc: Truly dear boy. What the hell do us birds give a damn?!

ANZ catches Willie cutting class . . .

ANZ: Mr. Cybuch, what are you doing here?

Willie: I'm waiting for the bell to ring.

ANZ: Ch...for a; second I; thought you were cutting class . . .

Cooper: Next time you wanna say something, just shut up! Goldstoff transfers to Rabbi K's class and starts off by talking.

Kenny: Listen Goldstoff . . . If you think you can talk whenever you want in here . . . you're right! I just don't have the strength to stop you (sob)!

Matty: The highest mark on my report card was my absences!

Bennet: Levine, don't you like this course?

Levine: It's not the course, *MR. BENNET!!*

Baron asks Stearn to read and class whispers to him to stand up.

Baron: (Angry) Look! When I want him to stand up I'll tell him so!!! . . . Stearn, . . . stand up!

What's goin' on Now??!!

Advice from one of our Rebbies . . . Pull down your pants and see if you make a b'racha P'vatala everyday . . .

Matty: Here's an admit. I wasn't in school the last three weeks.

Cooper: Why don't you bring an admit home for when you're in school?

Strum: Rabbi, you don't look well today. Would you like me to proctor the exam?
 ANZ: No; it's all right I feel fine; . . . Now, when I say **BEGIN, STOP, BREAK THE SEAL!**
 Moe: Wal, you knoh ah have never been absent . . .

The New moods walk into The Rabbi's office while he is in conference with Mr. Levine.

Sam: You know Rabbi, these boys play very well.
 ANZ: They do? What do you play?
 One new mood: We play folk music.
 Another need mood: And at the Chagiga we'll play Rock 'n' Roll.
 ANZ: You play Rock 'n' Roll? Tell me . . . can you play Nellie, Nellie?
 Louie: . . . and then solve for X.
 Steve: Why?
 Louie: Not Y . . . X!
 Fink: So Stevey boy, you made State Penn?
 Zakheim: Can I get my English book from Kershenbaum?
 LKS: Absolutely not dear boy.
 Zak: But Mr. Baron will castrate me . . .!!
 LKS: So you'll sing male soprano!
 Rosenman: May I leave the room?
 Baron: Yes . . . Is he gone? Quick, before he comes back turn to Fanny Hill!!
 Looie: Some of you may enjoy this topic, some of you may ignore it, some of you may tolerate it. Then there's you, Hochberg!
 We get sub for Sanders and we all sign sheet of paper for attendance.
 Sub: All right. Answer when I read off your name. I guess we can start by crossing off Wilt Chamberlain, Bill Russel, and Cassius Clay.
 Deep voice from back of room: Hey, what ya mean? . . .
 R. Bomzer: That's what I thought then . . . But now that I'm ten years wider . . . er . . . uh . . . wiser . . .!!

Pesach rolls around and we still have 20 lbs. of cake and one case of soup left in the concession. What should we do?
 Greeny: Don't worry. I'll take care of it!
 Finkelstein: About tomorrow's homework . . . is it for tomorrow?
 Louie contemplates giving us a test:
 Now let's see . . . There's very little I can test you on . . . but there's even less you can answer! Which just about sums up our accomplishments in the past four years.

The Commencement Exercises represent the climax of four years of hard work?

ACTIVITIES

FALL

The General Organization has the mammoth responsibility of coordinating the numerous extra-curricular activities in YUHSB. Representatives from every class in the school meet bimonthly at Student Council meetings to decide vital issues pertaining to student activities. In addition to the regular meetings, emergency meetings are held on special occasions when need warranted their being held.

The Council raised money largely through the sale of season's passes to basketball games, through admissions to home games, and by ordering the busses which transported students to and from Yugar away games. The funds thus raised were, for the most part, appropriated for use by the numerous student activities. The surplus funds were given to the Elchanite.

ham Beame, then candidates for the mayoralty of New York, spoke before the senior class. In addition to this assembly, there were the annual open G.O. meeting, a basketball rally, numerous debates, and High School Bowl meets.

Spring Term President Zelenetz has to his credit the inception of the Movie and Record Commissions. The former provided the student body and the faculty with many films which were both educational and entertaining in nature. The latter gave the students an opportunity to purchase records at greatly reduced prices.

Mr. Joseph Strum, Advisor to the Student Council, attended every meeting and was invaluable in the assistance he gave to the Council by helping to keep the meetings running smoothly.

Y.O.C.

Rabbi Avrohom Cohen.

One of the most active student organizations in the school is the Yeshiva Organization Commission. Under the leadership of this year's heads, Michael Shmidman and Heshy Pincus, the Y.O.C. successfully coordinated all the religious activities of the Yeshiva. Included in its program are the Minyan, Mishmar, and the Kashruth Commission.

The Minyan, led by adviser Rabbi Faivushevitz, H. Pincus, M. Geduld, and E. Singer, is attended by sixty boys each morning. After the davening, breakfast is served by the Elchanite concession. Rabbi Cohen, with the assistance of A. Birnbaum officiates at the Mishmar, where students are given a chance to review their Talmud lessons every Thursday evening.

An important function of the Y.O.C. is the Kashruth Commission. Headed by M. Shmidman and L. Karp, the commission makes sure that all foods sold in the Yeshiva are strictly kosher. Letters are sent periodically to the producers of these products to see that they comply with the highest standards of Kashruth. Material obtained from the Union of Orthodox Jewish Congregations is distributed to the student body.

Tzedakah plays a big part in YOC activities. This year's YU charity drive was an unprecedented success, raising over \$1000 for worthy chraities.

Once again, the YOC undertook the sale of matzoh products for Passover. The Pesach Provisions Committee, headed by B. Nusbacher, distributed the supplies to the student body.

ARISTA

Left to right: Vice President Jonas Lew, President Jacob Rand, Secretary Dov Zakheim.

Seeking to live up to its name as "the best," YUHSB's branch of the National Honor Society, embarked upon an extensive program to better YUHSB. Book reports and Talmudic dissertations were periodically placed on its newly acquired bulletin board. In addition to the two induction assemblies, where underclassmen became acquainted with the ideals of Arista, there was also an Arista sponsored career speech given to the seniors, which hopefully helped them to make the important choice between colleges. Arista members continued to help their fellow students with their studies and strove always to maintain academic excellence throughout YUHSB.

Dov Zakheim, the first student in YUHSB history to serve as Editor-in-Chief of the BULLETIN for two years, with the able assistance of David Davies, David Warsaw, Aaron Kershenbaum, and David Kaufman, made the mimeographed journal truly live up to its motto, "Vox Populi Omnia Vincit," the voice of the people conquers all.

to both the rights and obligations of the student body and sought to change what was good to something still better.

It was as a direct result of the BULLETIN's editorial policy that the administration consented to revise the curriculum and allowed the Sophomore to take World History, thereby making it possible for them to take American History in their Junior year in time for the State Scholarship Examination in which YUHSB plays an important part.

This year, the format of the BULLETIN was changed. The sports articles, which pre-

viously had been mixed in with the other news articles, were printed under the masthead, "Bulletin Sports" on a

NEXT
YEAR

Left to right, Top row: Richard Zelenetz, Jack Lebewohl, Ira Widman, Eli Shapiro, Irwin Mansdorf. Bottom row: David Levine, Alan Zelenetz.

The Topics, YUHSB's monthly newspaper, continued in its noble tradition as one of YUHSB's oldest and finest publications and maintained its position of literary excellence under the expert leadership of Dov Zakheim. Jay Grunfeld's ever-popular feature articles continued to be favorites among the student body, while *Sports Slants*, by Steve Weinstock, gave us a clear over-all picture of events around the Y. The photography of Dave Levine and Neil Liest livened up every issue with numerous action shots and candids. Poet Laureate Lipschitz's poetry and Alan Zelenetz's cartoons rounded out every issue making the Topics truly excellent in every way. The *Orkydürkle*, in the true tradition of Purim issues, split many sides with its humorous treatment of the school. On a more serious note, were the timely editorials dealing both with YUHSB and with the Jewish community as a

whole.

Not only did the Topics come out five times, more than it ever did for the last three years, but it also published two six page issues, a feat unprecedented in YUHSB history.

The Topics Poll was revised this year to cover issues never

touched in previous polls and to eliminate some of the areas which did not produce informative results in past years. For the first time, the students were polled on specific information. They were asked to identify various prominent people in diversified fields, such as Andy Warhol, Docter Rock, and Rudolf Nuriyev. The opinion questions were expanded to include many controversial topics such as narcotics, smoking, Vietnam, and the voting age. The traditional "Favorite Teacher" questions appeared again, although such questions as, "How to improve the school," were not included as the responses were chaotic last year. The responses to the revised poll were informative, and it is hoped that the format innovated in this year's poll will be continued.

Quality and quantity were the trademarks of YUHSB's minor publications. Subject matter ranged from languages and literature to math and mussar.

The DIALECT specialized in languages. Essays were in Hebrew, English, and French.

FOCUS was a topical publication, pushing for a rebirth of school spirit. It spotlighted on a different topic each issue.

YOC positions on various issues were stated in HAKOL. Divrai torah and mussar were also featured.

LIBRARY

Under the leadership of Faculty Advisor Mr. R. E. Bassel, Supervisor Bruce Fader and Heads Ira Newman and Jack Warman, the English Library has expanded its resources more this year than any other year in the past.

Among the outstanding achievements of the year were the receiving and processing of more than 400 new volumes, the institution of two entirely new squads, a magazine squad to correlate all the periodical material and a maintenance squad to repair damaged books. New squads have realized their expected goals and have firmly emplanted themselves in the library organization. The circulating of over 1,000 volumes among the student body was a shining example of school service.

The English Library is the school's largest employer, having nearly forty upper and lower classmen working on its six squads during the school year.

Under the organizational skill of Rabbi Joseph Epstein, the Hebrew Library has greatly expanded from its humble beginnings to what is now a five thousand volume collection.

Now in its fifteenth year of existence, the library's principle purpose is to supply the Roshei Yeshiva with reference works in order to supplement their shiurim. It, of course, also caters to individual student's needs through its circulation department. Ably led by Harry Weissman and Jacob Rand, the library attained new heights as an institution for the promotion of learning in our school.

CHAGIGOT

The class of '66 is proud that it maintained the fine tradition of its predecessors. Both its Chanukah and Purim Chagigot delighted the student body with their witty and often satirical humor. Moving away from the trite and hackneyed themes of school life, the writers succeeded in their attempt to spoof many erstwhile institutions such as "Batman" and "Jungle Jim". Under the leadership of heads D. Davies, M. Waldoks, and J. Grunfeld and assistant head A. Zelenetz, the two Chagigot this year surpassed many of previous years in entertainment and humor.

Left to right: Dave Davies, Alan Zelenetz, Jay Grunfeld, Moishe Waldoks.

The Chanuka Chagiga began with an inspiring message from Rabbi ANZ, was followed by songs from the glee club, and a comedy monologue by H. Baumgarten. The band, under the leadership of A. D. Davies, A. Zelenetz and J. Grunfeld, was a huge success at both chagigot. They played many popular songs and delighted the audience. The highlight of the night, following the senior songs, was the skit "Jungle Jim Goes Hawaiian" and described the whole purpose of YUHSB—"getting students to go to YU." All decorating and props were created by the students under the leadership of Mike Freidman.

The Purim Chagiga followed with the same

enthusiasm. This time Rabbi Bomzer started the evening with a spiritual message, and was followed by the seniors' pride, Sam Lifshitz, who gave a rendition of his own poetry. Together with the glee club and the band, which was at its best, the writers offered an uproariously humorous skit satirizing the popular Batman T.V. series. The Purim Chagiga amid raves and cheers ended the entertainment for the year.

This year YUHSB again played an integral part in the I.Y. Under the leadership of Moishe Waldoks and Jay Grunfeld, YUHSB was ably represented in the many I.Y. meetings, as well as in the skirmishes with the administration. One lasting effect of this year's YUHSB affiliation is the acquisition of a new status, non-paying member. This meant that YUHSB would participate in all scheduled events but not expend any funds to the student run council. The other Yeshivas participating in the activities are Flatbush, YUHSM, Ramaz, HILI, YCQ, and RJJ, an amalgamation to be proud of.

Left to right: Senior representative Morris Waldoks, Junior representative William Schechter, Senior representative Jay Grunfeld.

In addition to a well rounded program, an IY newspaper was published and distributed to member-schools. An IY essay contest was also held and prizes were awarded. YUHSB and the Class of 1966 should be proud of the teams and captains nobly participating in all phases of I.Y. competitions.

HIGH SCHOOL

This year has witnessed another tremendous rise in the popularity of High School Bowling, both on the varsity and intramural level. The intramural H.S. Bowl games, ably set up by Fall Team High School Bowl Manager D. Levine and Spring Term High School Manager E. Shapiro, using the questions formulated by the Varsity Team, has attracted more interest than any other school activity except basketball.

The Varsity Team, which for the first time has been run on a rotation basis, has lived up to expectations and has completed the most successful season in the team's history, scoring victories against HILL, RJJ, MTA, and defeated by Flatbush and HILL. As this article goes to press the team is tied for first. The high point in the season was reached when the team defeated the seemingly unbeatable faculty team, which had defeated last year's Varsity.

Special praise is due for J. Flamholz who both in attitude and knowledge has been a tremendous asset to the team. Flamholz, along with L. Karp, will captain next year's team and there is every reason to believe that they will lead the team to even greater heights.

Due to the tireless efforts of Debating Managers David Kaufman and Stuart Francis, YUHSB intramural debating enjoyed an unusual amount of popularity. Interesting topics and efficient management overcame the usual apathy that had shrouded our debating program in recent years.

Debating

Even the normally lackadaisical seniors participated, and helped make this a season of few forfeits.

The four grades are divided into the junior and senior divisions. The round-robin schedule eventually leads to a playoff between the two divisions, before an assembly. This year, the class debating format was revised to include a question period by the audience.

The debating program also included Varsity and Junior Varsity teams that competed with other schools in the Inter Yeshiva League. As a recent innovation, the members of the Varsity elect a captain to take care of interscholastic debates. The first captain was Leo Brandstatter ('64-'65) and David Stearn was captain this past season.

This year, the Varsity debates sparked much interest through controversial topics dealing with such matters as: United States involvement in Vietnam, our role in the Dominican Republic, and nationalization of the railroads. It is hoped that future Managers and captains will maintain student interest in debating.

The Yuclids, under the able leadership of Mr. L. Cooper and co-captains S. Handelman and A. Kershenbaum, maintained a fine record finishing in the top half of the Interscholastic Math League, a league composed of public and private high schools in the New York area. The popularity of the Yuclids has given rise to a new intramural sport, the Math Bowl which will hopefully supply the team with many able members in the future.

Advisor, Rabbi Louis Cooper.

CHESS and CHECKERS

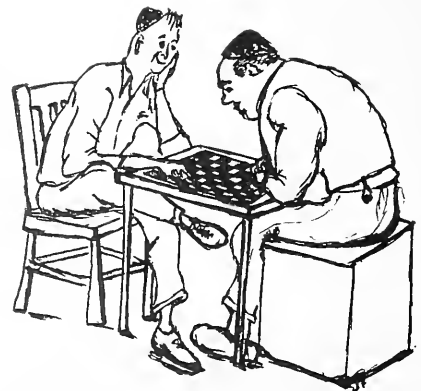

Although only one player remained from last year's championship teams, the Yuchex and Chessmen staged a miraculous rally to finish first and second respectively, in I.Y. competition. Sparked by Captain Norman Horowitz, undefeated and untied in both chess and checkers competitions, the teams' new blood displayed their unique playing qualities under pressure.

Concession

The Concession, in its second year under student auspices, had a most successful year, netting over \$800, and thereby made a substantial contribution to the Elchanite which received a large portion of the profits. Under the aegis of Siggy Handelman, Jeff Greenstein, and Dave Davies, the Concession met the nutritive needs of the student body, serving breakfast to the minyon-goers, lunch to everyone, and supper to the basketball team. The greatest volume of business, however, was done in snacks such as Ring Dings and Fruit Doodles, which kept the student body going throughout the long school day.

SQUADS

With the growing number of assemblies and teaching demonstrations, the role of the Audio-Visual Squad has grown greatly. Led by Alan Zelenetz and Dave Davies, the squad kept the microphones, record players and movie projectors in working order and made sure they were where they were needed when they were needed. Without their help, the debates, High School Bowl meets, Chagigot, and numerous other functions could not have been the great successes which they were.

Yugars

Gary Waltuch

For YUHSB basketball fans, the 1965-66 MJHSL season started off with a bang. In the annual pre-season Alumni game, the Yugars trounced a strong Alumni team 89-70. Four Yugars hit double figures in this game, led by Captains Benzon and Lew who put in 21 and 17 points respectively.

In the league opener against Flatbush, the other two seniors on the team, Mike Friend and Gary Waltuch led the Yugars to a superb 73-60 victory. The Yugars went on to win in their next four games, downing Elizabeth, Ramaz, Hili, and Flatbush. Thus, at the halfway point of the season the Yugars owned a 5-0 record, and first place in the MJHSL.

Following a loss and a victory in two exhibition games, the Yugars entered the Hili Invitational Tournament. After an easy victory over St. Francis Prep in the tourney opener, the Yugars topped Hili 56-49 to gain first place in the tournament. Norm Benzon, Yugar captain was chosen MVP of the tournament. This marked the first time in YUHSB history that the Yugars had won the championship in this annual event

up by the word "injury." In the all-important MTA game Mike Friend suffered a torn cartilage, and against Hili Jonas Lew badly injured his shoulder. Plagued by these injuries and other minor ailments, the Yugars went on to drop 3 of their last five games. In the post season playoffs Flatbush and Hili defeated YUHSB, and the team which had been picked by many to win the championship was forced to settle for a third place finish.

Captains Matty Monheit, Steve Weinstock.

The swimming team, placing a close second to Flatbush in a tight IY race, rolled up impressive victory scores against YUHSM, RAMAZ, and RJJ and were in keeping with the tradition of strong YUHSB swim teams.

Leading the team this year were its captains, Matty Monheit and Steve Weinstock. Monheit broke every existing IY backstroke record and swam freestyle as well, while Weinstock eclipsed three school freestyle records this year and won consistently at 50 and 100 yards. Both captains were varsity swimmers for four years and both had hands in leading the team to three previous championships.

Senior swimmers Norm Benzon, freestyle, Jonas Lew, breaststroke, and ace backstroker Bernie Mezrich swam with great success and undergraduates J. Yarmak, M. Kline, L. Shusterman, J. Weinberg, J. Kowalski, S. Wilner and M. Weinstock gave the team the needed push to victory. Senior manager Jay Grunfeld again turned in an outstanding year as timekeeper and statistician.

The Junior Yugars, coached by former YUHSB front court star Hal Brettstein, began rather slowly but came on to place second in the standings just behind YUHSM.

High scoring Brett, who attends Hunter College, shaped the team into a cohesive unit which produced many top stars. M. Taubus, the team's leading scorer and rebounder, R. Deutsch a jumping jack forward, and W. Weinreb, a backcourt play-maker are all top varsity prospects.

With a good crop of freshmen ballplayers returning and the wealth of talent possessed by Coach Brettstein, a championship is a distinct possibility for next year.

A new outlet for student energies and support is the Yusox. After capturing a league title last year, the Yusox hope to continue in this vein in the 1966 season. Captained by Joseph Hershkovitz, the soccermen suffered an exhibition loss but are optimistic about the upcoming season. Seniors Abe Rosensweig, Dov Zakheim and Gad Schwartz should help make this a season to remember in I.Y. competition.

track

The Cindermen, YUHSB's Track Team, are once again looking forward to a highly successful season. This year interest in track has risen, as witnessed by the surprisingly large turnout at practices. The team tied for first place in the Jewish Press Track Meet last year and hopes to rise to greater heights this year under the leadership of Co-Captains D. Zakheim, G. Schwartz, and A. Kershenbaum.

softball

As YUHSB's version of our national pastime, the softball team posted an impressive record both in league play as well as in exhibition contests. Led by Captains Bruce Fader and Leo Brandstatter, the team was composed of a strong infield and an exceptionally fast outfield. However, the most consistent aspect of this year's team proved to be its hitting. Thanks to continued practices on Friday afternoon and lunchtime catches during the week this year's softball team proved to be one of the strongest in I.Y. history.

INTRAMURALS

Intramural activities are unique among extracurricular affairs in that underclassmen participate in them more extensively than in any other of the school's activities. In most instances, the school is divided, for intramural purposes, into a junior division, composed of freshmen and sophomores, and a senior division, composed of juniors and seniors. In this way, it is hoped that underclassmen will get the best chance of participating in intramurals in an equitable atmosphere.

William Schechter.

Philip Orbuch.

In the Fall Term athletic program this year, innovation was the by-word. Under the capable direction of Bill Schechter, three second lanes were painted on the basketball courts. This innovation had a profound influence upon the school championship, an honor garnered by Class 7A.

Allstar games were also introduced, and the season's greatest upset occurred in one such game when the Junior Allstars upset the Seniors in a very exciting game.

Junior Division Champs – Class 3A

In the gridiron sport, Class 1B won the junior division championship while Class 8B won the senior division and school championships using, for the first time, a school owned football.

For the sports expert, Mr. Schechter started the Sports Bowl, a contest that matches the participants' knowledge of the world of sports. In a suprising finish, the junior division champions, Class 3B, beat Class 5A for the school championship.

School Champs – Class 3A

Spring Term Athletic Manager Phil Orbuch kept the good work up, as basketball, softball, bowling and ping-pong intramurals were held. In Mr. Orbuch's term, metal nets were bought for the basketball hoops for the first time.

Debating intramurals enjoyed unusual success as there were exceptionally few forfeits. This was due primarily to the interesting topics put up for debate. Class 3A copped the junior division crown, while Class 7A won in the senior circuit and emerged victorious in the school championship.

High School Bowl intramurals were the fastest-growing of all intramurals in YUHSB. Students

from each class were given the chance to pit their minds against those of their fellow students. Class 3A emerged victorious in the battle of the brains this year and won the school championship.

In short, the 1965-66 intramural program was one of the most successful ever.

Trivia

An innovation to the activities of the IY, the Trivia Bowl proved to be one of the most popular of Yeshiva sports.

Trivia is played by a panel of five students each from three participating schools. Questions are asked of each school in turn and one point is awarded for each correct answer. Such questions include, "What was the color of Elmer Fudd's shoe?" and "what was the name of Pat Brady's jeep?"

This year's team, led by comics' expert Abe Kempler, TV buff Jay Grunfeld, and the overall trivia-mindedness of Dave Levine rolled up an impressive record.

Following in the tradition of last year's undefeated "touchtackle" football team, this year's team rolled up an equally high victory total and again reigned undefeated.

The defense, headed by B. Mezrich, M. Monheit, J. Grunfeld, J. Lew, and J. Krause proved solid while the offensive backfield of G. Waltuch, S. Weinstock, and B. Fader produced many an exciting run. "Red dogging" linebackers D. Levine, L. Brandstatter and A. Kershenbaum kept the opposition "honest" and helped the team to victory.

The most popular of the Activities-in-Exile once again proved to be hockey. While blocking the opposition's shots and ducking ANZ's raids, the school's hockey buffs managed to get in a fine season of play. Ever gaining popularity, hockey may eventually take its rightful place among YUHSB's legitimate sports.

A life of toil a life of joy. A life of happiness and laughter. A life of despair and lost hope. A life of bringing up your kids and sending them to school. A life of working at your job day in, day out. A life of relaxation, leisure time, plays, musicals, concerts, the men's club. A life of strain and pressure, bills, and taxes, sicknesses, accidents. And soon the kids had grown up and time had flown faster than ever and again another phase was over. Something new was taking place. Life was slower and one felt older. . . .

The Lord of the Oxen

Roaring, rampant, raging red.
El toro snorts and swings about
In all his sweaty majesty.

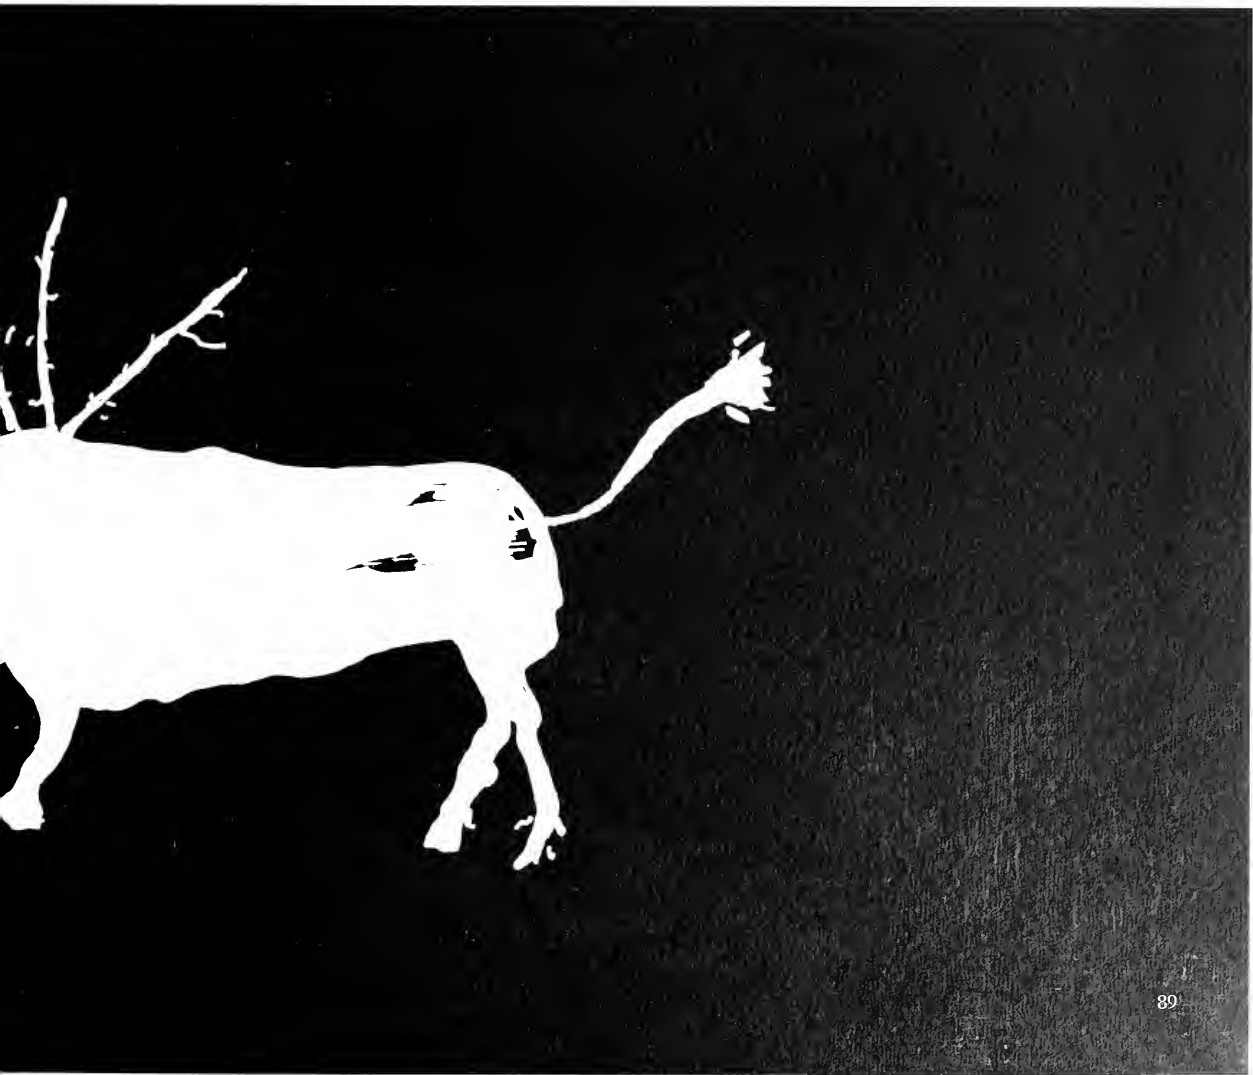

His drooling, ringed, regal shout
Snorts, and swipes the roasting dust,
Exploding clouds around his head.
While fiery cinders scorch his mouth
And sear his eyes like flaked rust.
Lord of the oxen, for the galleries to see,
Circling the arena ridiculously.

Blazing, slick vermilion swirls,
El Matador comes prancing round
In bright, effeminate symmetry
And toro hears the hums abound,
Nebulous in greasy gleam,
From stinking men and driving girls
And the oxen-stalls around.
Gelded oxen a bull do deem
Lord of the oxen — monarch for he
Was spared his masculinity.

Male he is: Lord he will die.
In the rusty circle midst the maze
Of seething sand where he will try
To see his slim tormentor's face.
Mustachioed, lean and threatening pain.
'Neath the sagging soggy sky
He comes, grinning in the haze.
Onward. Onward! Onward again. . . .

Lord of the oxen swims in his sea
Of raging, royal symmetry.

Dawn

The sun rose out of the horizon into the clear blue eastern sky, shedding its golden rays upon the land. It was once a beautiful land, a land with trees and birds and men. Today there were no trees, no birds, no men.

Especially no men. They made sure of that, those fools who thought they could improve the world by dropping the bomb. Now all that was left was soot, ashes, rubble.

Because of a few petty differences in ideology, a few lusty men destroyed in a few minutes what it took G-d cons to create.

The sun slid behind a cloud. For a few moments, its rays no longer bathed the Earth in their golden light. But no one knew; no one cared. The sun might just as well have been gone forever.

Wanderer

A puissance draws him on,
As, naught but lodestone, he is caught up,
In a frenzied circle of unceasing affinity.

A girl, nay, many winter months have passed,
A woman beckons him,
Who departed a child and returns a man.

His numb feet press into the hard, white snow carpeting the vastness about him,
And the crystalline glitter upon his eyes casts light upon a frozen tear,
A tear of happiness.

Now he has reached the town he bade goodbye so many years before,
When the bugles and war drums had carried him off into their dissident world,
Where harmony was man killing man and music was screaming.

He enters through the gate from which he had passed,
At sixteen into the hostility of war,
And strangely, as in self-portent, The words of the immortal flash through his mind,
“Abandon all hope ye who enter here.”

And suddenly obsessed with these words he stumbles,
The wanderer who has reached his destination stumbles,
Upon a grave.

“Here lies she . . . dead . . . her man had gone to war.”

He forgets all words,
And lies upon her grave,
And the snow begins to fall.

And he dies, sleeping with his love under the white blanket of snow feather,
For not only had the war taken youth from the child,
But life from the man,
And left a wanderer never to consummate his love,
Save in Paradise.

CYC

From "The Poem"

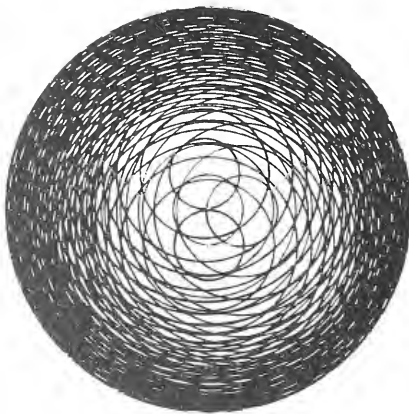

I

Day, night;
Are these the skies 'neath which I strolled,
The beam-bathed trees 'neath which I lolled?
Where goes the Sun's life—rendering light?
What instinct moves this creature night.

To know that day would end so soon,
To hear the distant bays at noon!
Would I still have slept and dreamt,
Till all the day was gone, ill spent?
But day will come, unheralded as night.
Again I'll drift into sweet respite.

Youth, years;
Is this the man? Is this the mind
That thought that someday I would find
What nature moves the land, the sea,
The winds that howl inside of me?

And yet my queries met no end.
No wiser am I now than when
I saw the sky of the setting sun
And thought "G-d's ways will ne'er be known."
Thus, all I've learned is that all is His.
(Perhaps that's just what wisdom is.)

II

The questions and the answers
They buzz in my skull like flies.
They puncture my peace of hot breezes and swaying grass,
My icy serenity of cardboard cups and soda — faucets of
sweating chrome,
Of slinky afternoon shadows of trees and tall buildings.
They drone cuttingly, incessantly, infernally.
Flies sawing electrically at the dungheap
And I am at their mercy.

And now, you howling hordes of questioners,
How can I solve your woes and whys,
Your cesspool of generalizations?
For I have heard before these doubts and queries
And already I have seen their answerers.
I have seen them in sopping, pebbly parking-lots, kicking
wildly, ridiculously, like crushed cockroaches in the
dank and wobbly glimmer of the street-lamps.
I have seen them at midnight, groveling naked on the
Coney Island beaches, sucking and scratching the
sand, screaming hideously, violently inching away from
the onrush of the merry brown waters.
I have seen them.
I cannot make reply.

The questions and the answers
That murmur deep in my guts like flies
That fatten on my vitals like flies
They belch up deeply the steaming, putrefying blasts
Circling the park benches, swirling in the trash flurries,
searching;
Raging and stinking in the slithering rush-hour conglomeration
of spidery greenery, rotting and smouldering,
neighbor fingering neighbor obscenely;
Cornering the carousel, the sickening cacaphony, the
laughter of the children, the sneering little horses
striving for an ending, begging for an ending, sinking
in the vortex.
Spinning, perfumy, bloated, glugged. Searching.
Flies grow gummy, iridescent, clinging like leeches,
Excretions jellied, ameba-like, swelling,
Cloying globs of glutinous uncertainty,
Seeking, within, damp, decaying folds,
Finding in me but room for retching,
Emptying — the — empty retching,
Spewing frothy vomit on the swaying grass
In the shadows and the afternoon sunshine.

Sleep,
It twinkles in the twilight; like a lake it beckons,
Floats me through stillness into its liquid belly,
Its quivering glaze of shimmering peaks
Absorbs me into the all-enfolding creamy warmth,
(Wake me not and I drown not)
Sleep the fulfillment
Sleep the protector.

An easy chair, and grandchildren. A social Security form, and Medicare. A last will and testament, and a death bed. . . .

Yes, Man has often reflected on the cycle of life that is inevitably his destiny. He has asked the questions, “Where from?”, and “Where to?”. And some men have reached the conclusion that the entrance into life and the exit from that existence are located in the divine realms of the Lord, and that men should strive to reach the exit as free from sin as when they left the entrance. . . .

We, who are still in the second phase of our existence, hope and pray that we may achieve the spiritual purity that has marked the exit of so many of our forefathers. And we dedicate this book to this ideal of completing the cycle of our lives in purity and dignity.
